

## ACIDO PROVERTICAL

Gelling agent and thickener for Acid Stains

### DESCRIPTION

ACIDO –PROVERTICAL is a "thickener" .  
It is used to thicken or modify the rheology of the Ideal Work Acid Stains to prevent them from dripping so that they can be effectively applied with paintbrush on vertical surfaces.

### LIMITATIONS

The final mixture can contain from 20% to 40% of ACIDO-PROVERTICAL , depending on the required viscosity.

### PREPARATION

Add ACIDO-PROVERTICAL to the Acid stain /water solution as last component and mix thoroughly.

### PACKAGING AND STORAGE

ACIDO PROVERTICAL is available in 1 kg containers.

Under normal conditions and when properly stored, the shelf life of ACIDO PROVERTICAL is at least 1 year from the date of purchase. Containers should be tightly closed and stored upright, away from direct sunlight, combustible materials and sources of heat. Stock should be rotated.
